FOREIGN EXCHANGE

Hola! My name is Diego Jimenez Hevia. I am 17 and an exchange student from Spain. I would like to thank Pioneer Central School, the Administration, the faculty, and the students who made this year possible. It has been very enjoyable for me. If you ever go to Marbella, please visit me. I hope I'll see you soon. Hasta la vista.

Hi! My name is Camilla, or Mila as they call me here. I'm from Eskilstuna, Sweden. I am very glad that I had the opportunity to come here to the U.S.A. and spend one year.

When I first came here I had a very hard time to find all my classrooms, and even to open my locker. (I've learned it now!) But there are so many nice people here in this school, so I got much help.

This school is very different from my school in Sweden. You have so much going on here; sports, musicals, clubs. I like it! I have joined the ski club and that was a lot of fun. One of my favorite classes here is Theatre. I had a super good time in that class!!

I want to thank all of my freinds here for being so great! Love, Camilla

Howdy! I'm Tomas Erken from Ranea, Sweden. I have had the opportunity to stay here in the U.S. since my brother, Anders, spent his senior year at this school. Fortunately, I got the chance to come over and see America, which was a dream for me as a little kid. This year at Pioneer has been a great time, thinking of all the good memories. Especially, I want to thank my host family, the Relyeas, for their support and concern. Also, I want to thank all my friends for having such a great year. Someday I will be back to visit. See ya!

Hi, this is Tony. Well, I really don't know what to write because I have so much things to say that make me confused. For sure I had lots of fun in this school, especially when I was playing soccer, at the dances, and extra things. The weather is totally different, I'm used to living in temperatures above 70, but anyway snowmobiling and downhill are awesome. This experience I will never forget. I can even remember the first month here in school, I couldn't understand anything, but now, six months later, I think I got some English, besides - how couldn't I?

Well, this is time for one goodbye. Thanks for everything you guys have done for me. I wish luck, fun, and the same chance I had to get to know another country. Besides, Learning doesn't kill anybody.

Hi, my name is Iku Karukome. I am an exchange student from Japan. I am very glad that I came here. I have made many friends, and I will never forget them. Thank you.

I'm Gerardo Espinosa and I am from Campeche, Mexico. I did like very much being here and I have done things that I never had done before like skiing downhill and cross country.

I want to thank the Pioneer Central School because it is a great school. You know? - many people don't have schools or the schools don't have the needed instalations so . . . . Enjoy your school! It is great!

I want to thank my American host family. They are a great family and they helped me very much. I hope to come back here someday and if someone wants to go to Mexico, they will be welcome NOS VEMOS!

YEARBOOK STAFF

TAMI KELLER
EDITOR - '86, '87, '88

A special thanks to:

Mr. Mangino for all the sports pictures.
Mr. Whiting and Staci Miller for the last minute developing.
Miss Z. for the typing, the loose ends, and all the extras.
Eric Cook for the cover drawing.

I put everything into this book and I hope that you like it. We would like to apologize to anyone who was omitted - it was not intentional.

To all those who contributed ideas and new suggestions, thank you. I had fun and worked hard, and I leave this school with happy memories.

Richard,

You've made these last three years memorable with your sense of humor and that constant giggle of yours. Next year won't be the same without that surprise you?!! Never forget the times with Mrs. Anderson and French class! (cow necklace and velvet shoes)

And very heavy r's!)

Love,
Amy Phillips

P.S. Don't forget the great times w/ Edward & Mrs. Simonetti!

Babe
